**W. F. Hill : Landscape Handbook for the Tropics** before purchasing it in order to gage whether or not it would be worth my time, and all praised Landscape Handbook for the Tropics:

1 of 1 people found the following review helpful. Landscape Handbook Review By Mr. Martin E. Clark This handbook is now a little dated with regard to examples and illustrations, but remains a core source-book for landscaping issues, and is applicable to both 'wet' and 'dry' tropics. Many professions are involved directly or indirectly with tropical landscape, yet there are few sources of readily digestible information for the student to turn to. This book gives guidance to the newcomer about tropical landscape design. It describes the work of the professional designer, but is sufficiently down-to-earth to be accessible to the amateur for whom professional consultation is not available.

About the Author William Frank Hill received his B.Arch from the University of Bristol and his M.A. in Landscape

Design from the University of Newcastle upon Tyne. He is a member of the Royal Institute of British Architects. He has travelled and consulted widely.
