Jo Kellum : Landscaping 1-2-3 : Regional Edition: Zones 5-6 (Home Depot ... 1-2-3) before purchasing it in order to gage whether or not it would be worth my time, and all praised Landscaping 1-2-3 : Regional Edition: Zones 5-6 (Home Depot ... 1-2-3):

0 of 0 people found the following review helpful. Excellent ToolBy CustomerThis book was an amazing asset after building our new home on a lot that was once forest land. Tons of great tips on tree and plant selection, installation, and maintenance. Also the trees and plants are divided into many useful sections. Lots of great photos. The only con is that the book doesn't list the negative aspects of trees and plants, such as those that are prone to disease or insect infestation. This book is just a tool; you must investigate other sources to get the full picture. It's certainly a great starting point, and is always my first go to book.0 of 0 people found the following review helpful. Great service!By

Terry LyonReceived quickly and packaged very well. It is just what I needed to plan the update my landscaping is needing. Thank you!0 of 0 people found the following review helpful. ALL THE INFO NEEDEDBy Patricia CharlesLoved this book.! All the information to choose what trees, shrubs, and flowers for our new home in zone 6.

Specific edition for warmer climates tells gardeners everything they need to know about landscaping.
