would have had glossy pictures instead of the "matte paper" finish. 2 of 2 people found the following review helpful. The book is nothing short of fantastic. It not only just includes Disneyland By S. Walker The book is nothing short of fantastic. It not only just includes Disneyland, but Magic Kingdom, Disneyland Paris, Tokyo Disneyland, and Hong Kong Disneyland. It is set up so that there a picture of one or two windows on the right page with a more in depth description of what the window says and who or what it is about. Words can not describe how beautiful this book truly is. I strongly recommend the hard back if you can get it cause it deserves to be sat out on tables or even brought to the park so you can read it as you look up at the windows. The print quality is probably the best of any of the multiple books about Disney I own and personally find the matte pictures make it easier to read. If you even have a passing interest in the windows of the Disney parks, this should be your first stop. 4 of 4 people found the following review helpful. Learn about the People Named on the Windows By Bruce B. This book is excellent for fans of Disneyland. It is a great read about who all the people are named in the windows above Main Street, USA. And now you will know the clever businesses named with the person on the window and how it relates to the building of Disneyland or their relationship with Walt Disney.

As you walk down Main Street, U.S.A., have you ever looked up and wondered what the names on the windows mean? Although the tradition of honoring people with a window has been around since Disneyland's opening day, there has never been a comprehensive list of them all.... Until now. In this book, you'll find a complete guide to all of the whimsical tributes at every Magic Kingdom park throughout the world, complete with full color photos!

"Documenting the history and stories of the Windows is important, and long overdue. I can't thank Jeff enough for bringing us the stories behind them." Rolly Crump, Former Imagineer and Disney Legend "A big thanks to Jeff for putting together such a great guide to the Windows; not just for the stateside Parks, but for the international ones as well." William "Sully" Sullivan, Former Vice President of The Magic Kingdom and Disney Legend
