**Steve McDonald : Pottery on the Wheel For Beginners: Getting Started Making Ceramics on the Pottery Wheel** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Pottery on the Wheel For Beginners: Getting Started Making Ceramics on the Pottery Wheel:

1 of 1 people found the following review helpful. Practical and Informative By mercy me All the right information to

begin your journey is presented in a positive Can Do style. I've been at this for over ten years and agree with everything he says. KILNS are still a mystery to me so I enjoyed that chapter as well as the decorations! 0 of 0 people found the following review helpful. Five Stars By vtywgp interesting 2 of 2 people found the following review helpful. No pictures. By Customer No pictures. Dull. I'm a visual person, and reading script is hard to translate into carrying it over to performance.

Pottery on the Wheel for Beginners will teach you all that you need to know to get started making pottery. Whether you have never touched clay before, or you are an experienced artist who is branching out into pottery, this is an easy to read, starting from the beginning guide to pottery on the wheel. You'll learn secrets for setting up a studio, choosing supplies, and getting access to a kiln. You'll also learn how to throw pottery in 9 Easy to Follow Steps, beginning with how to select the right clay.

About the Author Steve McDonald is the author of the educational website [pottery-on-the-wheel.com](http://pottery-on-the-wheel.com). He has been teaching beginners how to make pottery for over 15 years. His passion for making pottery accessible to everyone is reflected in his belief that "anyone can do pottery".
