Pierre-Joseph Redoute : Redout Flowers and Fruits CD-ROM and Book (Dover Electronic Clip Art) before purchasing it in order to gage whether or not it would be worth my time, and all praised Redout Flowers and Fruits CD-ROM and Book (Dover Electronic Clip Art):

6 of 6 people found the following review helpful. Classic botanicals By Mary Kelly There's amazing depth and beauty to the botanical paintings by Pierre Redoute that print crisply. The graphics are easy to resize for different applications and the selection is extensive, with an emphasis on rose species and lots and lots of fruits. The images beg to be used for making stationery...a red rose on a sticker to attach to a valentine's envelope is irresistible, primroses add interest to a letter written to a friend in springtime. All the images give both common and botanical names. They make you

want to create a gardening newsletter.5 of 5 people found the following review helpful. beautiful graphics, incorrect filesBy JanxoThe graphics in this book are stunning. However, I did want to mention that the images are all in TIFF file format, not JPEG which is what is stated in the product description. Before purchasing this clip art, make sure that you have an image editor that can open TIFF files.0 of 0 people found the following review helpful. cant live without!By joseph snyderGreat book and cd rom. Can be used with print shop to make multiple images to cut out and make beautiful 3D items for your cards that our out of this world!They also have many other books at Dover with birds, butterfly's, animals and much more. Most can be found right here on .com

Exquisite collection by the most celebrated artist in the history of botanical art includes 184 meticulous reproductions of original watercolors. A spectacular treasury of lilies, tulips, roses, cherries, crocus, and other plants will prove to be an invaluable resource for artists, designers, and craftworkers. The lovely, royalty-free images will delight nature lovers as well.
