Ann Budd : Scarf Style 2: Innovative to Traditional, 26 Fresh Designs to Knit before purchasing it in order to gauge whether or not it would be worth my time, and all praised Scarf Style 2: Innovative to Traditional, 26 Fresh Designs to Knit:

10 of 10 people found the following review helpful. Great follow-up volume By BurmeseLover This is all I had hoped for: years ago, I bought the original scarf style, and used it to advance my knitting skills. It's still a go-to treasure. This new volume has more voluminous and extravagantly lovely scarves than the original; no more one-skein quickies, at least at first glance. Even so, I want to make them all. A real win. 1 of 1 people found the following review helpful. I love the scarfs that you find in this book By Gdunlap I love the scarfs that you find in this book. They are unique and I adore the various patterns. Unfortunately, I found it very difficult to follow the pattern. I purchased this book primarily for the "Cottage Scarf" located on page 27. I think that if you are taking a knitting class and have someone with experience looking over your shoulder to help you along then you should be fine. If you're a beginner trying to teach yourself how to knit then I would recommend trying something other than this book. I have been searching for a pattern in this book that I can try but I haven't found it yet. I will however be holding onto this book for down the road when I acquire more skills. It'll give me something to look forward to!! Just to clarify my skills right now to use as a guide for what I consider a beginner. I have knit several scarfs containing the following stitches; Ribbing, St st, Pearlring and basic cables. I've also completed a simple summer tank top in a St st with I-Cord shoulder straps. If

you're more advanced then I think this book will provide you with several lovely projects. 2 of 2 people found the following review helpful. Great book, bad packaging. By DeborahDarling I waited for this one...the patterns were right up my alley. But I am a picky book lover and this one arrived with a torn cover, ripped pages and crumpled binding. It was tossed in the box with a bunch of heavier items. Very poorly packed by , but it WAS during the Christmas rush time, and I should have known better than to order a book in an order with cans of tomatoes! I love the patterns, Ann Budd is one of my favorite pattern writers - and she never disappoints. If you order this book - make sure to order it by itself. It is not plastic wrapped by the publisher and can be damaged by 's shipping practices.

Discover fresh new designs for scarves, shawls, and cowls. With Scarf Style 2, you'll follow up to the best-selling Scarf Style and learn from the experts! Scarves are comfort food for knitters, and a great way to learn new techniques without a big investment in time or materials. You'll be introduced to many basic knitting techniques such as color, lace, cables, and more. Whether you are a beginner or more advanced, Scarf Style 2 offers a wide range of patterns for all ages and skill levels. As scarves remain the most popular go-to project for knitters, you'll discover great ways to use small quantities of luxury yarn or use up leftover yarns in your stash. Don't miss the Designer's Notebook at the back that offers further advice on designing your own patterns.
