**Amy Katz : Seed Bead Chic: 25 Elegant Projects Inspired by Fine Jewelry (Lark Jewelry Beading Bead Inspirations)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Seed Bead Chic: 25 Elegant Projects Inspired by Fine Jewelry (Lark Jewelry Beading Bead Inspirations):

0 of 0 people found the following review helpful. Thoroughly Love!!By Sharon HenryI'm SO happy I bought this book! I'm an intermediate to advanced seed beader and needed some new designs to try out. This book offers a gorgeous selection of beautiful, elegant, classy designs. There's a nice diversity of techniques and she includes verbal and visual instructions which is essential for this visual learner. I love that most of her designs are created strictly with beads, including the chains. You can take her designs and build up them, mixing and matching different elements, to create an almost endless variety of creations!0 of 0 people found the following review helpful. A must for any beader

New or Seasoned By Kimberly puhmann I'm still learning beadwork and have already made a few items. This is by far one of the top books I have seen on beadwork. Instructions as so easy to follow. Great pictures and the patterns that come with this book--gorgeous. I highly recommend this book. In fact I think everyone should have a copy. 1 of 1 people found the following review helpful. Great book By Dena Bee The author has a lot of good ideas and I enjoyed the photographs in the book. I have not made any of the projects just yet, but I see several that I will try. I like the creativity of taking basic peyote and other stitches and using them in different ways.

Upscale, elegant, CHIC: these 25 handcrafted projects look like the fine jewelry you'd find in high-end boutiques. But why splurge when all it takes to make them are some seed beads and intermediate-to-advanced skills? Featuring a variety of stitches including the author's newly created right-angle ladder stitch these stunning pieces cover everything from earrings to brooches. Gorgeous photographs, diagrams, and helpful tips make the beading process simple and pleasurable!
