Lawrence William Newman : **Self-Publishing Your Book--A Nuts And Bolts Approach** before purchasing it in order to gage whether or not it would be worth my time, and all praised Self-Publishing Your Book--A Nuts And Bolts Approach:

0 of 0 people found the following review helpful. Buy this book, you won't regret it! Just what I was looking for!By

Captain Ron If you're looking for a no-nonsense, easy to understand guide to publishing your own books, this is the book for you! The author wrote an incredibly clear and precise "instruction manual" on how to easily turn your stories or ideas into your own self published book. I wish I would've found this book earlier in my attempts to self publish my own book.

An easy-to-follow guide to the fastest and most economical way to get a book into print by an author who has published a dozen books over the past three years. The book provides authors with a tested step-by-step "cookbook" approach to preparing files that can be sent to publishers or Print On Demand (POD) printers.
