Marlene Hurley Marshall : Shell Chic: The Ultimate Guide to Decorating Your Home With Seashells before purchasing it in order to gage whether or not it would be worth my time, and all praised Shell Chic: The Ultimate Guide to Decorating Your Home With Seashells:

0 of 0 people found the following review helpful. Wonderful bookBy Louise SanfilippoBeautiful book. I first got it from the library and knew I wanted it for myself. The price was right and it has so many unique ideas for using shells.1 of 1 people found the following review helpful. Beautiful book, I wanted to love itBy TinaThis is a beautiful book, filled with large items covered in shells . One photo after another of beautiful items made, each one utilizing thousands, if not millions of shells. I wanted to love it. I thought there would be at least a few things in the book that I could replicate, but this is just a book for looking - like a museum on paper. There are no 'how-to's or instructions or even an activity or two. I am not sure to whom I would recommend this book. I would say, check it out from a library, or view it at the bookstore. One look should be enough.1 of 1 people found the following review helpful. Great coffee

table book By vickitoomey This is a great coffee table book, but, it wasn't quite what i was looking for, for my home and use of my shells. It is beautiful and I got a autographed copy collectible.

Bringing an eccentric creativity to the romance of the beach, Marlene Hurley Marshall shows you how to use shells to bring a sea-infused decorative flair into your own home. Lavish photography, profiles of contemporary shell artists, and simple instructions for 35 remarkable projects will inspire you to get crafting. From adding a few shells to a picture frame or lampshade to encrusting a small bathtub with an eye-catching assemblage, you'll be astounded at the variety of ways you can brighten your home with shells.

From Library Journal The fashion for seashells as decorative material has taken a variety of forms over time, from baroque garden grottoes encrusted with shells to Victorian bric-a-brac displayed under glass. This well-illustrated book by Marshall and Vollmer von Falken (who coauthored *Making Bits Pieces Mosaics*) contains step-by-step projects for traditional items of shell art such as flower arrangements and shell-encrusted boxes, all interspersed with a colorful running narrative describing decorative uses of shells by contemporary designers. Highly recommended for public libraries. Copyright 2002 Reed Business Information, Inc.

From Booklist Not a guide to shell games, exactly, but to marvelously creative ways to use the fruits of the sea in and outside the home. In fact, Marshall has produced one of the most unusual crafts-home decor books yet--unusual in the more than 15 projects offered, in the elegant photography by Sabine Vollmer von Falken, and in the wealth of information on collectors, artists, history, and shell life. A profile of painter Ann Getsinger, who specializes in shells, nestles near the sidebar on the Sanibel Shell Fair, a juried show held during the first week of March. Recipes form the author's "Shell Buffet," in which she thanks all contributors to the book, and are featured in the same chapter as a profile of *Elegant Cheesecakes*, a pastry firm majoring in shell-ornamented cakes. Though well designed and aesthetically pleasing, projects detailed here wouldn't quite fit in the run-of-the-mill home, for these are inventive, imaginative, and almost 100 percent fantasy. Barbara Jacobs Copyright American Library Association. All rights reserved "This well-illustrated book by Marshall and Vollmer von Falken contains step-by-step projects...interspersed with a colorful running narrative..." ?Library Journal "Learn new ways to display summer's curvaceous souvenirs from Marlene Hurley Marshall." ?Coastal Living "Marshall has produced one of the most unusual crafts-home decor books yet ? unusual in the more than 15 projects offered, in the elegant photography by Sabine Vollmer von Falken, and in the wealth of information on collectors, artists, history, and shell life." ?Booklist Shell Chic awash in color photos of shell-shellacked interiors, has no shortage of ideas. It includes 14 step-by-step projects that also incorporate sand dollars, sea biscuits, starfish and even buttons. Palm Beach Post Looking at sea shells as elegance, Marlene Hurley Marshall in *Shell Chic* pictures shells as stylish home decorations for walls, ceilings and furniture. Photos profusely illustrate the lavish designs from art works to dress wear. - Newsday Learn new ways to display summers curvaceous souvenirs from Marlene Hurley Marshall. - Coastal Living These beach souvenirs are the rage from shell chandeliers and shell encrusted claw-foot bathtubs to Christmas trees adorned with shell garland. - USA Today From the marvelous to the bizarre, there's a project in it for anyone with complete instructions.
