**Simplicity : Simplicity Home Decorating Book: Step-by-Step Sewing Techniques and Easy-to-Make Soft Furnishings** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Simplicity Home Decorating Book: Step-by-Step Sewing Techniques and Easy-to-Make Soft Furnishings:

12 of 12 people found the following review helpful. The information is great! By HenryHiggins When I first opened my new copy of Simplicity Home Decorating Book, I was very disappointed. I found words omitted and references to illustrations that did not exist! The problem that bothers me most is the tabbed dividers between the chapters. The table of contents gives chapter titles, not numbers. When the book is closed the dividers show only chapter numbers, not titles. The dividers make using the book awkward when they should make it easier. Now that I have spent some time with the book my opinion has changed. The editorial mistakes are there, but there is also something else in this book: Lots of useful information. Sewing techniques are explained clearly and in detail. The illustrations are very helpful. They make the techniques so much easier to understand. People that sew but don't know home decorating will find this book quite useful. Newbie sewers can benefit greatly from reading this book. I'm glad I bought the book. I hope they get a good editor for the next edition. 0 of 0 people found the following review helpful. Five Stars By harborDirection seem very clear.
