By Marie E. Gibson I saw this guy on the Today Show and he was very captivating and creative. His book is the same way, with pretty cool ideas on how to make gatherings unique using "green" products. It makes a great gift, too. 0 of 0 people found the following review helpful. so good. By Gemma very fast, receive it next day. Received as described. i love it , This bread product is by far the best

bread product I have ever owned! As a former Chef, kitchen tools are very important to me. I have an extensive collection of products and am always looking for the best tools. This is not only an excellent bread product, at a good price but a beautiful design and feels great in my hand. It is sharp and effective. I am so happy with it I bought two and have put it on my gift giving list for years to come. If you enjoy great kitchen tools this product should not be missed! I will recommend it to my friend.
