Great bookBy John SimmonsFun, simple projects and a great way to use up some of those scraps:) Some are more challenging and I look forward to learning the techniques. I've loved what I've made so far using this book.0 of 0 people found the following review helpful. Loved it to muchBy kris kozakLoved it to much! I'm not a big crafter but I still enjoy living vicariously thru others with crafty impulses.0 of 0 people found the following review helpful. Five StarsBy Lisa HatfieldSuper clever easy projects, adorable and wonderful photographs and instructions!

Rev up the sewing machine, because these 21 fresh and modern projects make perfect personalized gifts. Ranging from wall art to tote bags to baby accessories, they feature free-motion stitching, as well as a variety of mixed-media

techniques including painting, layering, and journaling. An ample introduction to the basics encourages creative exploration with fabric.

Free-motion stitching is, essentially, drawing with thread, and the designs can be simple or complex. Shaffer explores the decorative possibilities of both styles in this friendly, accessible guide. VERDICT: Free-motion stitching has applications for garment and home decor sewing as well as quilting, and Shaffer's unimimidating style will encourage experimentation. *Library Journal*
