Debbie Stoller : Son of Stitch 'n Bitch: 45 Projects to Knit and Crochet for Men before purchasing it in order to gage whether or not it would be worth my time, and all praised Son of Stitch 'n Bitch: 45 Projects to Knit and Crochet for Men:

0 of 0 people found the following review helpful. Best book for men's patternsBy LisaGreat book! I borrowed this from my local library and liked it so much I had to get my own copy from . There are many great items that any guy would wear.The only disappointment I found is that in attempting to recreate the argyle scarf on the front cover, the color chart was too small to read. Trying to use it was so frustrating! When I try to make the scarf again, I will definitely enlarge that chart.3 of 3 people found the following review helpful. Meh.By Sancho MaximusOk, there aren't as many errors as there are in "The Happy Hooker", but the book was still rather... meh. It doesn't bring anything new to the table particularly. I'm talking both pattern-wise and idea/inspiration-wise. It's basically a knitting book with "FOR MEN" hastily scrawled in at the last moment. Some of the ideas that are original are just... lame. The shelf life of their humor and/or irreverence doesn't last much past glancing at the picture.Despite getting this book for the both crocheting and knitting patterns, I will also add my voice to the indignant crowd of people protesting the utter lack of crochet patterns. False advertising to the max.Two stars because despite not being fresh, fun or original, the patterns were still comprehensible for the most part... but if you look hard enough I'm sure you could find them on the internet if you did not already learn them from your grandmother.0 of 0 people found the following review helpful. I like this seriesBy CustomerI like this series, it never takes knitting/crochet too seriously and remembers what it was like to be a real beginner learning to handle needles and yarn. However, it is not for beginners only as there are some projects for

more advanced knitters.

Debbie Stoller knows that at least half the projects women knit are intended for the men in their lives. She also knows that knitting for a boyfriend or husband or father is full of pitfalls. The answer Son of Stitch 'N Bitch, the hip, smart knitter's guide to knitting for men. A "knitting superstar" (San Francisco Chronicle) and author of the New York Times bestselling Stitch 'N Bitch: The Knitter's Handbook and other Stitch 'N Bitch books, Debbie Stoller combines fashion savvy with uncommon knitting sense. Here's how to get the right sweater measurement (because size definitely matters) and why never to bring him along to pick out the yarn. Why "what's your favorite color" is a dangerous question and how you can't go wrong with luxury yarns for even the most rugged of boyfriends. Best of all, here are 45 edgy, hipster patterns that are guy-vetted and approved, many designed by male master-knitters or women with men as design partners. Here's the Night Day double-sided Brooklyn Bridge scarf. The Biker Boy sweater with a patch on the shoulder to protect against messenger bag wear and tear. Lucky Socks think rat pack at the casino. Skull Isle Cap Mitts. The Ernie sweater. Hangover Helpers stuffed plush "beermeister" and "whiskey bottle" pillows. The Retropolitan Cardigan, with a geek-chic take on Mr. Rogers. Plus Man Hands (fingerless gloves), a Hackie Sack Hoodie, Pinup Girl Illusion scarf (oh, behave!), and more.

From Publishers Weekly The newest from bestseller Stoller (Stitch 'n Bitch) gives men their first chance to snuggle up with her fuzzy, fashion-forward knitting projects. While the book is aimed largely at the women who knit for them, men will be happy to know that Stoller's first concern is for their particular tastes: many interesting elements fancy stitches, unusual yarn, unique designs are anathema to most males, who prefer simple pieces in a darker palate. Part two includes a wide array of (not too) colorful, occasionally edgy projects. Though there are designs which any man would be proud to wear (scarves, caps, tube socks and sweaters), many projects are geared toward younger men; among funky fashions, two standouts are the well-proportioned biker jacket (with long, slim arms and body for full coverage) and a felted DJ Bag with a retro cassette tape pattern (though some designs such as the beer bottle-shaped throw pillows are just plain juvenile). As expected, Stoller's directions are clear, terms are well explained, illustrations are easy-to-follow and accompanying photos are stylish and sexy, though projects are not rated for difficulty. Those unafraid to venture beyond their comfort zone will find something suitable for most any man on their holiday gift list. (Dec.)
