**Morgan : Stacked and Stitched: Artistic Fabric Projects for Your Home** before purchasing it in order to gage whether or not it would be worth my time, and all praised Stacked and Stitched: Artistic Fabric Projects for Your Home:

1 of 1 people found the following review helpful. First seen in quilt show.By N. L. GibbsThis book came to my attention after seeing one of the projects in a quilt show and the artistry caught my eye. I've been quilting for a very long time and the "new" chenille look didn't appeal to me until now. Learn the technique with this book's clear instructions and be inspired by the photos. A great introduction into smaller "artsy" pieces, and great fun when you begin to see how the process creates a new look every time.2 of 2 people found the following review helpful. Something DifferentBy Sue R.Well written with good instructions. Has some neat ideas for a utilizing this technique in the construction of some common household items, making them rather unique.0 of 0 people found the following review helpful. I was disappointed with the bookBy sadie k. goreI was disappointed with the book. I thought it would

be more patterns . It was too fancy for me.

You've never seen chenille used like this before! Artist Christine Morgan was playing around with layered fabric one day after a brief introduction to the chenille technique. Self-taught, she developed a method that retains the pattern and design of the layers rather than obscure them in 'fluffiness.' She calls the layered and slashed fabric yardage she makes 'pelts.' Once she has a home decor design in mind, she creates pelts that bring out the look she wants, including big bold appliques and off-center piecing. Now you can use chenille the same way, creating truly unique pieces of fabric art for your home. Instructions for four projects are included for a pillow, placemats, a table runner, and a mini wallhanging. The inspiration gallery shows potholders, wall art, and even an ottoman covered in Christine's artistic pelts.

About the Author Christine Morgan is a decorative artist living and working in the Susquehanna River hills of Pennsylvania. Her pieces are carried by fine galleries and gift shops throughout the Northeast under the name Fiberworks.
